# nordlux®

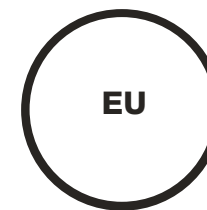

---

**Nordlux is Danish-design luminaires for the people since 1977. Lighting solutions for indoor, outdoor and smart home applications.**

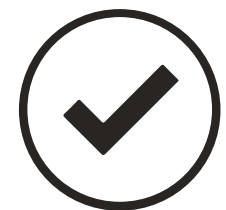

Scandinavian design is a prominent design movement that emerged in the early 20th century in Nordic countries of Sweden, Denmark, Finland, Norway and Iceland. Beloved for its functionality, simplicity, craftsmanship and connection to the natural organic environment, Nordic design has been influencing architects and interior designers for almost a century. Offering plenty of room for self-expression, the Nordic style also suits modern living spaces that require function and adaptable products that stand the test of time. Nordlux pays homage to the legendary pioneers of Scandinavian design while offering a fresh twist on the iconic Nordic style. Our products offer an easy way to introduce exclusivity and sophistication in your living space while effortlessly evoking a sense of coziness and calmness.

Found in over 50  
countries

One of Europe's  
largest lighting brands

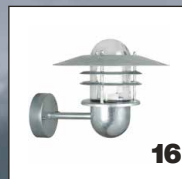

Leading quality &  
exceptional value

## 15-Year Guarantee

Nordlux offers a 15-year guarantee on all outdoor lamps in galvanised steel, copper and brass. This guarantee applies to extensive corrosion in the form of holes in the metal caused by rust. The guarantee is subject to presentation of receipt. There is no guarantee on components which have been affected by wear and tear or mistreatment of the lights.

## Designed for Seaside

Nature is beautiful - but it can also be rough. Crashing waves, wind, salt and especially sand can be a challenge for your home and your outdoor lighting. For Danish Nordlux, this beautiful but harsh nature and weather is part of everyday life. We therefore strive to produce lamps created from natural materials which are also resistant and durable, year after year, in relentless weather and nature.

## Galvanised Steel

You will also find galvanised steel in the series of durable materials, which is a speciality of Nordlux's and one of our most preferred materials for outdoor products. Therefore, our range of outdoor lamps is broadest in this area. We appreciate the beautiful appearance the product takes on and the material's great potential, which allows us to offer better and more durable lamps to as many people as possible - in coastal areas and in cities. The quality of the galvanising is a great priority at Nordlux and therefore it is worth knowing what it means, when a lamp is galvanised.

## What is galvanising?

Galvanising is a chemical process, where acid cleaned steel is dipped into 460°C melted zinc. When the steel is dipped into the melted zinc, a chemical reaction between the metals occurs, where the zinc in a way rusts and forms a surface alloy that protects the steel against outside elements that normally would cause rust. This process makes Nordlux's galvanised products durable and a natural product as it is created from natural materials and metals.

The background of the entire image consists of three overlapping rectangular plates of metal. The top plate is a bright, reflective silver metal. The middle plate is a rich, reddish-brown copper metal. The bottom plate is a golden-yellow brass metal. The plates are arranged diagonally from the top-left towards the bottom-right, creating a sense of depth and layering. The lighting is soft, highlighting the metallic textures and colors.

## **Brass, Copper & Nickel**

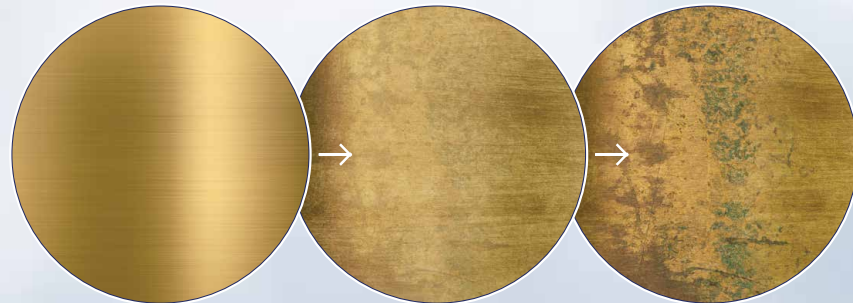

Brass, copper and nickel come together to create a beautiful symphony of products which can withstand the harsh weather and simultaneously age gracefully over time, without deteriorating.

# Designed for Seaside

Our seaside collection is made from durable and natural materials which mature beautifully.

# Agger

Galvanised: 74481031

## Agger Wall / Garden

<b>Bulb Base</b>	E27
<b>Dimmable</b>	Yes (based on fitted bulb)
<b>Wattage (max)</b>	60W
<b>Material</b>	Galvanised
<b>IP Rating</b>	IP54
<b>Area</b>	Outdoor

**Summary**  
The Agger wall light – a traditional outdoor light in galvanised steel. Suitable for energy-saving bulbs or LED bulbs. The galvanised finish makes the light fixture resistant to harsh climates. We recommend light fixtures in galvanised steel for coastal areas.

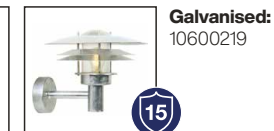

Amalienborg

Galvanised: 10600319

Galvanised:  
10600219

## Amalienborg Garden / Wall

<b>Bulb Base</b>	E27
<b>Dimmable</b>	Yes (based on fitted bulb)
<b>Wattage (max)</b>	60W
<b>Material</b>	Galvanised
<b>IP Rating</b>	IP54
<b>Area</b>	Outdoor

### Summary

Amalienborg is a classic and stylish outdoor light fixture. The three shades diffuse light while eliminating glare. The galvanised finish makes the light fixture resistant to the Nordic climate. We recommend light fixtures in galvanised steel for coastal areas. It is possible to purchase a base for pillar lighting appropriate for this product.

CANTO MAXI

# Castor

Galvanised: 71369931

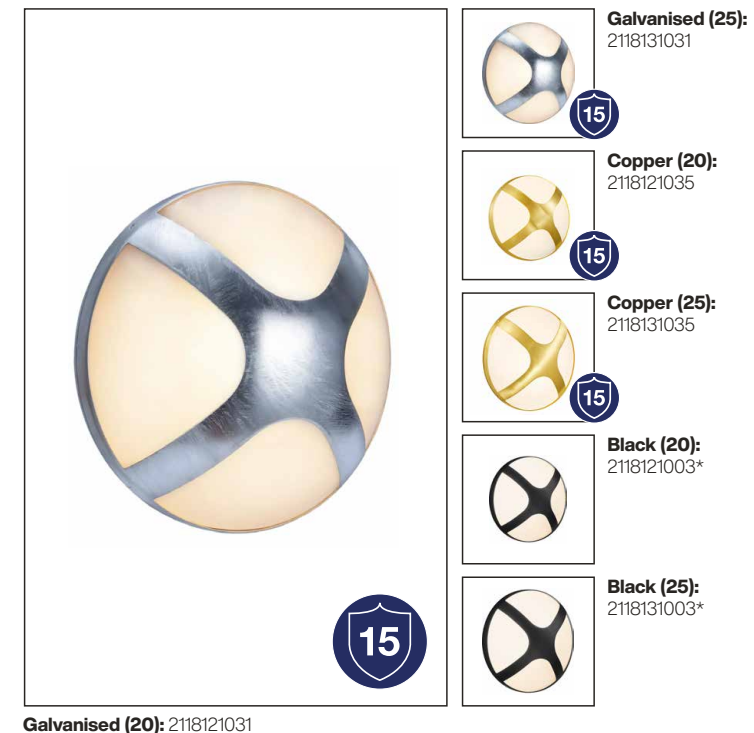

## Castor Wall

<b>Bulb Base</b>	GU10
<b>Dimmable</b>	Yes (based on fitted bulb)
<b>Wattage (max)</b>	35W / 4.6W
<b>Material</b>	Galvanised
<b>IP Rating</b>	IP54
<b>Area</b>	Outdoor

### Summary

Castor is a stylish double wall light from Nordlux that casts its light from the top and bottom. With its modern design you are assured of a wall light that will fit into any outdoor environment. For example, place the light at the entrance or along the driveway for a beautifully illuminated exterior.

## Cross Wall

<b>Bulb Base</b>	E14 / E27
<b>Dimmable</b>	Yes (based on fitted bulb)
<b>Wattage (max)</b>	15W
<b>Material</b>	Galvanised, Copper, Metal
<b>IP Rating</b>	IP54
<b>Area</b>	Outdoor

### Summary

The round, minimalist design expression of the Cross wall light by Danish designer Maria Berntsen will embellish any exterior design - almost like a piece of jewellery for your home. Emits a warm, diffused light that creates an inviting atmosphere for your outdoor areas.

\*Does not come with 15years guarantee. Standard warranty applies
